Pre-conference events

Venue: [National Technical Library, Hall 01](#)

09.00 - 12.30	Pre-Conference Workshop: Biotechnology for controlled remediation of sites contaminated with chlorinated ethenes: Czech - Swiss teamwork joins research Chairperson Mária Brennerová, Institute of Microbiology, ASCR, CZ
Remark	Open for all conference participants and students of ICT Prague
09.30	Informal discussion with refreshment
10.00	<i>TechTool project Integrative technology for assessment and enhancement of complete removal of chloroethenes from groundwater</i> Maria Brennerova, Institute of Microbiology, AS CR, CZ
10.20	<i>Remediation companies' perspective on the stimulated reductive dehalogenation of chlorinated ethenes. Case studies</i> Monika Štavelová, AECOM CZ, CZ
10.40	<i>Use of structured nanofiber yarns in environmental biotechnologies</i> Tomas Lederer, AQUATEST, Technical University Liberec, CZ
11.00 - 11.20	Coffee Break
11.20	<i>Assessment of bioremediation potential and monitoring of biological reductive dechlorination in sites contaminated with chlorinated ethenes. The overall approach</i> Christof Holliger, École Polytechnique Fédérale de Lausanne, CH
11.40	<i>Assessment of bioremediation potential and monitoring of biological reductive dechlorination in sites contaminated with chlorinated ethenes. Case studies</i> Sonia Tarnawski, École Polytechnique Fédérale de Lausanne, CH
12.00	<i>Removal of chlorinated ethenes by anaerobic microorganisms</i> Jiri Mikeš, EPS, CZ
12.20	Discussion

Venue: **National Technical Library, Hall 02**

10.00 - 12.30	Pre-Conference Workshop: International Postgraduate Research Programme Concept Meeting
Chairperson	To be nominated
Remark	SIG (Special Interest Group)
10.00	Concept and Unique Benefits of International and Industrial PhD Programme
12.30	Lunch & Informal Discussion
13.30	Round Table Discussion and Future Steps

Venue: **National Technical Library, Balling Hall**

13.00 - 15.00	Pre-Conference Workshop: How to get manuscript published?
Chairperson	Murray Moo-Young, Editor in Chief of Biotechnology Advances, Elsevier
Remark	Open for all conference participants and students of ICT Prague
13:00	<i>An introduction to publishing and the journal publishing cycle including vital tips on how to prepare your manuscript and structure your article including facts about plagiarism, the Impact Factor, Open access and Innovation in the research and publishing landscape</i> Bart Wacek, publisher from Elsevier
14:00	<i>The pleasure and pain of being a JBA editor</i> Murray Moo-Young, Editor in Chief of Biotechnology Advances
